

D-BOX VR EXPERIENCE WARNING

THE D-BOX VR EXPERIENCE MAY NOT BE SUITABLE FOR :

- Pregnant women;
- People suffering from epilepsy, heart conditions (including pacemakers), high blood pressure, back or neck conditions or other serious medical conditions;
- People who are blind, visually impaired or have a pre-existing binocular vision disorder;
- Persons prone to travel sickness.

All these people should consult their physician before using the D-BOX VR Experience

- D-BOX VR Experience is not recommended for people under the influence of alcohol, drugs, who are tired or in need of sleep, or suffering from temporary health conditions (e.g. flu, cold, headaches, migraines, etc.) as it may increase their susceptibility to adverse symptoms;
- It is recommended that you immediately cease participation in the D-BOX VR Experience if you experience any of the following symptoms: seizures, loss of awareness, eye strain, eye or muscle twitching, involuntary movements, altered, blurred, or double vision or other visual abnormalities, dizziness, disorientation, impaired balance, impaired hand-eye coordination, excessive sweating, increased salivation, nausea, light-headedness, discomfort or pain in the head or eyes, drowsiness, fatigue, or any symptoms similar to motion sickness. Symptoms of virtual reality exposure can persist and become more apparent hours after use;
- All children under 13 years old must be accompanied by a parent or an authorized guardian to take part in the Experience;
- Not recommended for children under the age of 7;
- All children aged under 16 years old must have their parent or authorized guardian execute a waiver and warning on their behalf prior to purchasing a ticket for the Experience;
- Hot liquids in the vicinity of the D-BOX Motion System must be avoided at all times to prevent spillage which could cause serious injuries to the user.
